

The Philharmonic to Offer Mexican Music Concerts at the Municipal Cultural Center

The Municipality of Viedma announces the performances that the Río Negro Philharmonic Orchestra will hold at the Municipal Cultural Center.

The concerts will take place on Friday, May 23, at 8:00 p.m. and Saturday, May 24, at 7:00 p.m. Admission will be free for both performances.

For these presentations, the Philharmonic will be under the musical direction of the renowned Mexican Maestro José Areán. The concert program will be dedicated to Mexican music, including works by Arturo Márquez and Silvestre Revueñas.

Additionally, the pieces “Breves Sombras” by Ana Lara, “De aquí a la veleta” by Javier Álvarez, and “Chinampa y trajinera” by Enrico Chapela Barba will be presented for the first time in Argentina. The composer will be present for the premiere of the latter.

Before each concert, a pre-show talk will be offered 40 minutes before the start, providing information about the music to be performed.

Trajectories. José Areán's career spans various musical and cultural fields, including his work as artistic director of the Opera of Bellas Artes and the Mining Symphony Orchestra, as well as artistic director and principal guest conductor of the Mexico City Philharmonic Orchestra. His dedication to musical outreach and education in Mexico is also noteworthy.

These concerts are supported by the Ibermúsica program through its 2024 call for "Support for the circulation of music professionals." This multilateral international cooperation program promotes Ibero-American musical diversity.

These presentations are possible thanks to the joint effort between the Government of Río Negro and the different municipalities in the province.

The Río Negro Philharmonic Orchestra and its eleven regional ensembles are part of the Sub-secretariat of the Philharmonic Orchestra, under the Ministry of Culture of Río Negro.
