Enrico Chapela's future works at Boosey & Hawkes

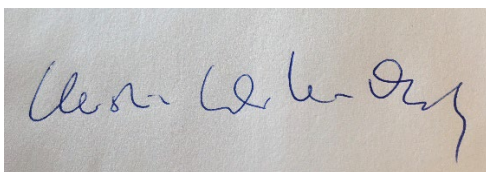

Boosey & Hawkes are honoured to publish the works by Enrico Chapela, one of the most versatile and internationally successful Latin American composers. Since many years he is an important author in our roster.

We fully encourage Enrico Chapela to compose those following works between 2023 and 2025, ideally with the support of the grant of Sistema Nacional de Creadores de Arte:

- 1) Solo harp piece
- 2) Solo piano piece
- 3) Solo guitar piece
- 4) Guitar quartet
- 5) String quartet
- 6) Percussion quartet
- 7) Harp concerto
- 8) Guitar concerto
- 9) Percussion concerto

All of those pieces are going to be published by Boosey & Hawkes and actively promoted to find international commissioners and performers.
